Diagnostic assessments of SRL, writing, reading, and mathematics

Assessments gather information about students' college-readiness in terms of self-regulated learning (SRL; motivation, metacognition, learning strategies), writing, reading, and mathematics.

Immediate, personalized formative feedback with links to open educational resources

Feedback provides information on students' strengths, areas that might hold them back, actionable next steps, and links to additional free resources.

Writing assessment: Students reflect on themselves as learners

Student essays provide insights on how they interpret their SRL results: what are my strengths and what are the areas holding me back? What recommendations will I commit to trying?

Summary reports to guide advisement conversations

Snapshots of students' DAACS assessment results, with their essay and personalized, actionable recommendations for strategies to try out and open educational resources to use to learn more.

A free and open-source resource accessible to students, coaches, coordinators, and faculty
